Nicole Lopez, *Physical Therapy Student*
Katelyn Paulus, *Physical Therapy Student*
Molly Sanford, *Physical Therapy Student*
Hannah Waddell, *Physical Therapy
Student*

Scott & White

Van Thi Ngo, *Physician, Family Medicine*

The Peru Mission Challenge, an outreach ministry of First Presbyterian Church, started in 2013 with the participation of eight churches in the Presbytery of New Covenant. Its purpose ... is to build bridges of Love, fellowship, faith, and understanding, between congregations of the PC(USA), and the Reformed Evangelical Churches of Peru. FPC-Bryan has supported mission teams of volunteers annually, to build the seminary, teach, and provide medical assistance and pure water systems to various regions throughout the Cusco region of Peru.

FPC-Bryan partnership with the Higher Institute of Theology in Quillabamba, Peru continues to impact so many spiritually. This year, support is being provided to an area that is in great need of medical services. The Institute will be the base for this year's medical mission. Most of the Peruvian people will come from small villages far away from any medical support. Trish Burk has worked tirelessly recruiting trained medical field persons that have a desire to serve our friends in Peru. This medical field group is funding their trip plus most of their medical supplies. In addition, medicines and healthcare items are desired to support those in need in Peru.

Items you can donate:

PRENATAL and CHILDREN'S VITAMINS
(i.e. gummy bears)

READING GLASSES

(new/gently used over-the-counter) – *On new glasses, please leave on magnification strength tags.*

Place your donations in the marked container on the Patio.

Also being accepted are **MONETARY DONATIONS** for medicines to treat the following: (1) Parasites; (2) Anemia; (3) Skin Conditions; and (4) Basis Health Concerns. All contributions are appreciated. Make your check payable to FPC-Bryan (NOTE: Peru Medical Mission—Medicines). If you have any questions, please contact Marilyn Wright 979.777.8082 or m4maynard@yahoo.com

PRAY . . . for OUR mission team and those they will serve! This may not seem much to some, but don't doubt for a minute that our Lord can't turn these gifts into miraculous gifts that will improve the lives of others and strengthen the faith of his Church forever!
